Glasgow City Heritage Trust

i n v e s t m e n t i n G l a s g o w

Since 2007 we have invested **£9,587,409** in repairing Glasgow's historic buildings.

For every **£1** we spend on building repairs, another **£7.50** is invested by others.

We have helped repair **533** historic buildings in Glasgow.

We've offered grants to more than **1,600** people and organisations to help them look after their historic properties.

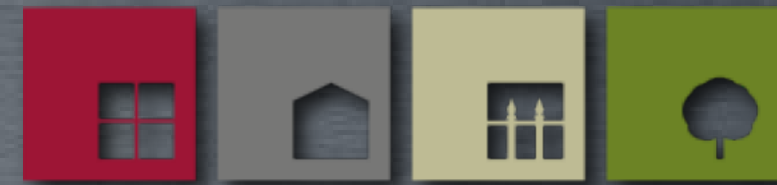

We've spent **£380,726** on projects to help people understand Glasgow's heritage and celebrate it.

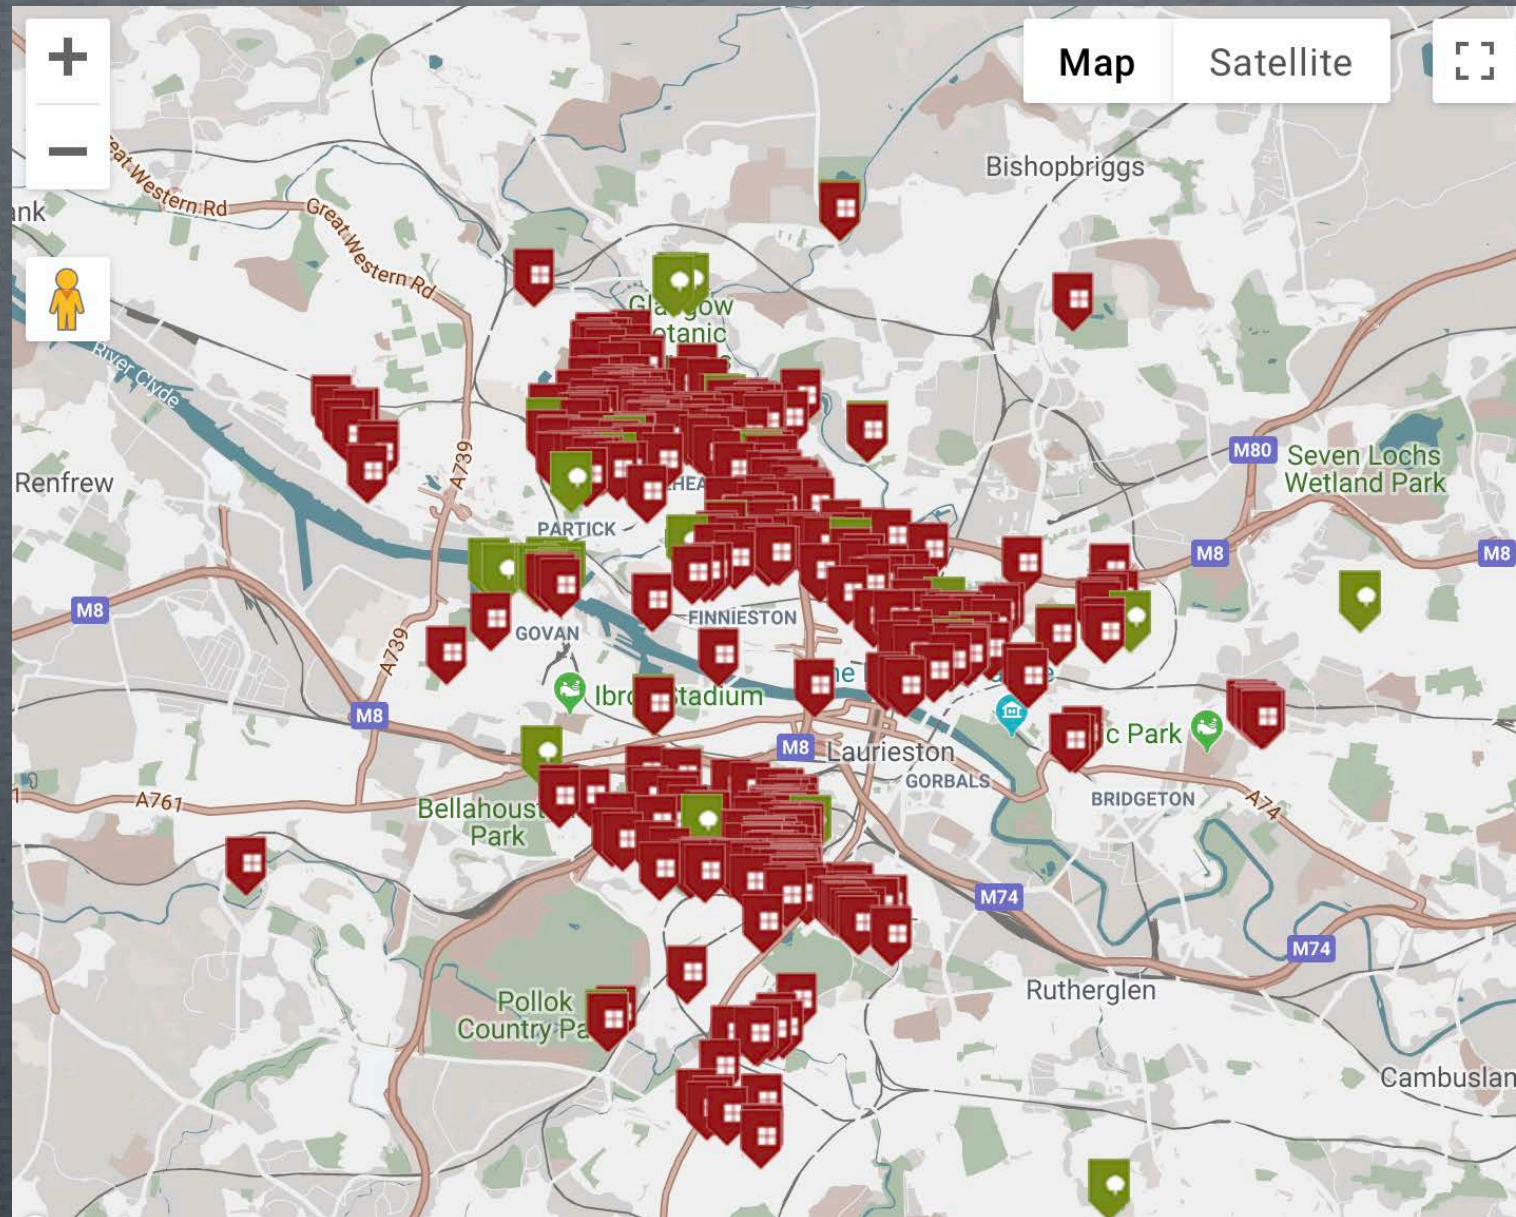

We have organised **156** public lectures, **40** lunchtime training sessions and **28** exhibitions.

investment in Glasgow

Bringing Vacant Buildings Back To Life

The South Rotunda

Bringing Vacant
Buildings Back To Life

The South Rotunda

Comprehensive building repairs of B-listed
redundant former Clyde Tunnel entrance

Grants Amount: £172,823

Total project cost: £547,310

“The move into the South Rotunda has been an enormous success for us. We have managed to breathe life into a stunning old building on the Clyde while simultaneously creating a modern and unique work environment for our staff. It was important to us, being a technical firm working in the marine sector, that our new location mix these aspects of our heritage and the South Rotunda next to the Clyde certainly does this.”

John MacSween, Malin Marine Consultants Ltd.

Bringing Vacant Buildings Back To Life

Pumping Station to Distillery

Bringing Vacant Buildings Back To Life

Pumping Station to Distillery

Comprehensive building repairs of B-listed
redundant former Harbour Hydraulic Works

Grants Amount: £ 84,591

Total project cost: £ 14 million

“As you can imagine a project like the
Clydeside Distillery comes at a considerable
cost, and the continued support of Glasgow
City Heritage Trust is very much
appreciated and is a key part of Morrison
Glasgow Distillers Ltd’s plan to bring the site
back to life and make it once again an
important part of Glasgow life.”

Kenny McAllister, The Clydeside Distillery

Bringing Vacant Buildings Back To Life

Plugging the Skills Gap

In 2016/17 GCHT

- organised 33 conservation and traditional skills CPD and training opportunities.
- helped 443 professionals and contractors to develop their skills and knowledge related to the historic built environment.

Glasgow City Heritage Trust

Traditional Skills Workshop

The best thing was seeing our resultant sign for our space. Also Zoe and Michael they are fantastic teachers. I learned a lot and it ignited my interest in traditional shop fronts.

I learned that traditional sign writing is an art and a job. This history and change of the practice due to digital (decline), resurgence of it and learned how to do it.

I enjoyed myself

I learned new skills

I learned about Glasgow's heritage

I will use what I've learned to maintain my own property

E n g a g i n g C o m m u n i t i e s

In 2016/17 GCHT

- organised 38 public events
- took 200 folk on guided walks and site tours
- held 2 public exhibitions
- invested £50,000 in education and outreach projects

Guided Walks

The best thing was learning about the area my family grew up in and where my memories go back about 50 years. Great to see the improvements. Inspired to learn more!

I learned about Glasgow canals. Never been here despite living here.
