LP: REHABILITATING OUR COMMON HERITAGE

YOUR **TOOL** FOR **SUSTAINABLE** REHABILITATION OF **CULTURAL HERITAGE**

Our heritage objects are assets, part of the solution to economic development challenges rather than an obstacle to them

The Ljubljana Process is doing a lot:

- Leads to the rehabilitation of monuments and sites;
- Raises substantial funding from within and beyond the region;
- Improves policies and management structures;
- Maintains cooperation and networks across borders;
- Encourages dialogue among different interest groups;
- Includes local communities;
- Brings business, additional income from taxes and creates new jobs;
- Offers a robust methodology for heritage management integrated into many countries' national policies;
- Commands wide political support at the highest level across the region;
- Changes ways of thinking about heritage with its innovative approach.

The project *LP: Rehabilitating our Common Heritage* is managed by the **Regional Cooperation Council Task Force on Culture and Society** and continues the Council of Europe / European Commission Joint Programme, the *Integrated Rehabilitation Project Plan / Survey of the Architectural and Archaeological Heritage (IRPP/SAAH)*. Participating countries are Albania, Bosnia and Herzegovina, Bulgaria, Croatia, the Former Yugoslav Republic of Macedonia, Montenegro, Romania, Serbia and Kosovo*.

* This designation is without prejudice to positions on status and is in line with UNSC 1244 and the ICJ Opinion on the Kosovo declaration of independence

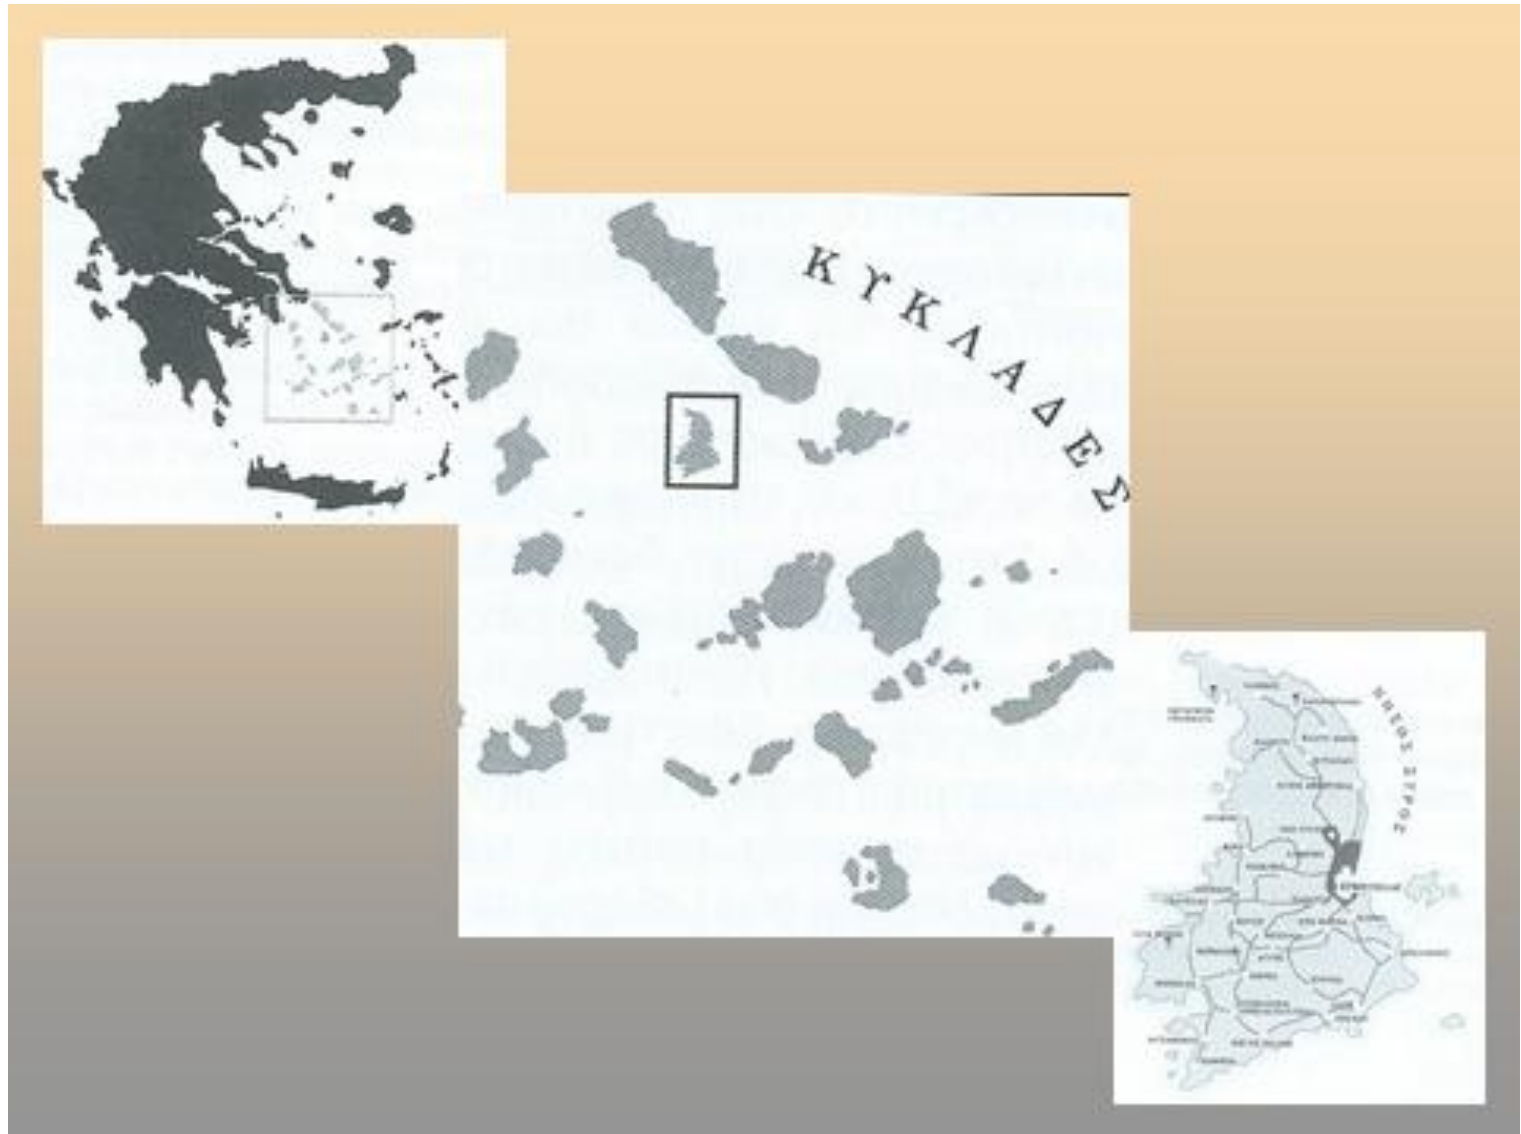

The IRPP/SAAH was set up in 2003 and nested within the Council of Europe *Regional Programme for Cultural and Natural Heritage in South East Europe* (RPSEE) as part of their contribution towards the stability and development of democratic, peaceful and free civil societies in South East Europe. The impact of IRPP/SAAH and the possibilities created by the European Commission led to the phase, known as the *Ljubljana Process: Funding Heritage Rehabilitation in South-East Europe*, during the conference organised by the Slovenian EU Presidency on 13-15 May 2008 in Ljubljana. The Council of Ministers of Culture of South East Europe, held in Cetinje (Montenegro) on 23-24 April 2010 adopted the Ministerial Statement on the implementation of the *Ljubljana Process II: Rehabilitating our Common Heritage*. This set the ground for the continuation of the rehabilitation of cultural heritage after 2010 under the auspices of the Regional Cooperation Council.
