

ICOMOS INTERNATIONAL SCIENTIFIC COMMITTEES

Reporting format for 2004

I. GENERAL

A. Committee Name:

CIVVIH - The International Committee on Historic Towns and Villages.

B. Statutes

Describe any changes to the statutes since the last report.

The statutes of CIVVIH were approved in 1982. The expansion of CIVVIH, the constitution of the Eger Principles and practical needs, now require that the Committee update its statutes. Such work began in May 2004. The updated version will be submitted to the Committee for approval at CIVVIH's next annual meeting in May 2005.

The updated version will, among other changes:

- Reflect CIVVIH's current structure. For example, when it was founded, CIVVIH's voting membership and Bureau were one and the same while today these two entities are separate.
- Expand the procedural infrastructure for the ongoing activity of the committee. For example, the current statutes do not specify procedures for the replacement of a Bureau member and/or for the co-option of a Bureau member.
- regulate the replacement of a bureau member
- Unify the English and French versions of the statutes.
- Make relevant linguistic and stylistic changes to the original statutes.

C. Date of last elections

April, 2002 (Enclosed please find the Corfu minutes).
