CIVVIH was invited to contribute in the evaluation of World Heritage nominations: Nice (France), Bologna (Italy), As-Salt (Jordan), Gdańsk Shipyard (Poland), Ljubljana (Slovenia).

Fig. 12: Scientific Work Program

The main topic of the Committee is represented by historic cities as a model for sustainability and cultural heritage as the fourth pillar of sustainable development.

The Committee is elaborating a CIVVIH recommendation on HUL concepts, SDGs and Climate Change. The CIVVIH SD recommendation from Malta 2010 and the Valletta Principles adopted by ICOMOS 2011 will be the basis for this. A Working Group to address this challenge has been established under the two chairs Sofia Avgerinou-Kolonias and Alvaro Gómez-Ferrer Bayo.

Fig. 13: Activity of CIVVIH

The Scientific Council Officers described 4 different pillars of ISCs:

- 1 annual report,
- 2 active, strong, relevant and influential,
- 3 elections,
- 4 valid By-Laws

Conclusion: CIVVIH meets all 4 criteria as one of only 8 ISCs.
